Wednesday 13th June, 2018

Dear Parents and Carers,

Please take a moment to read below the improvements to the school communications which are being put in place to ensure you are kept up to date about all things happening at school.

Regular Newsletter

This week we sent out our newsletter via email to all linked parental contacts for our learners, highlighting some of the recent activities and trips and also to give you a view of the upcoming events happening this term. We will be sending this out once per fortnight to help provide an insight into school life. Newsletters are also available on our school website for your easy reference:

<https://rgts17.rgtrustschool.net/newsletter/>

Our New Website is in Development

We have also commissioned school website specialists Cleverbox (see <http://www.cleverbox.co.uk>) to develop a new website for us to best promote Royal Greenwich Trust School and raise our online presence, maximising your experience when you visit us via your web-browser. This work is currently under development and should be in place at the start of the coming academic year.

School Comms

Many parents and carers have already logged on and downloaded the School Comms app link: <https://schoolcomms.com/>. This app provides live information on your child's attendance, timetable and allows two way messaging between you and our communications team. If you haven't already downloaded the app please visit the link above for more information.

Call us

If you ever need to get in contact with us on the phone, the school's phone lines are open and our receptionists ready to take your call from 8am until 5pm Monday – Friday during term time and 9am-3pm during the holidays. From September plans are in place to extend these contact hours to 7am until 7pm Monday to Friday to ensure we can always be contacted at your convenience.

Please do keep in contact with us via any of the above methods as we work hard alongside you to promote the academic and personal development of our learners.

Kind regards,

Peter Martin
Director of Learning – School Systems and Procedures
